ANNOUNCEMENT

WE announce with pleasure a new plan which enables us to offer our subscribers and the studios a more complete and up-to-date service.

After several months investigation, we have decided to adopt the plan of a quarterly issue rather than a monthly one, further to intersperse each quarterly issue with semi-monthly bulletins containing changes of telephone and other information.

Not only are substantial reductions in rates made possible under this arrangement, but we believe that a bulletin distributed twice each month in conjunction with the General Directory will materially aid the casting office and greatly increase the value of the directory.

The first bulletin will be issued October First and every two weeks thereafter.
